

CardScan[®] personal

Contact manager and compact business card scanner

CardScan Personal is the smallest, most affordable system from CardScan.

- Compact styling, ideal for the user on the go
- Scans in monochrome in about 5 seconds
- Reads 7 languages from 14 different countries' business cards
- Captures information from email, web pages and other electronic files (not just business cards!)
- Easy to use software for searching, sorting, categorization, mapping addresses, printing labels, and much more
- Includes online backup, web access and updating service
- Works with Outlook[®], Palm[™], Windows[®] mobile, and smart phones
- For individual use

"I think CardScan should be mandatory in every office of every business.... It's that good."

Colin Baird
Account Manager

System Requirements:

- Microsoft Windows XP or Windows 2000
- Pentium or later processor
- For individual use. Take it with you on the road.

Capture, Organize and Manage Your Contacts!

Accurately scans and reads business cards in seconds and creates a digital address book

Consolidates all your contact data (not just business cards!) using drag-and-drop from email, web sites and other electronic files

Intelligently designed software for contact management to easily categorize contacts, search, sort, de-dupe, print labels, map addresses and much more

Includes CardScan At Your Service™ FREE - online back-up for contact data, access contacts from a browser by password, and contact updating service

Keeps your data identical in all your devices and software with synchronization or export to Outlook®, Outlook® Express, Palm™, Windows® Mobile devices, iPods and smart phones

Scanner Dimensions:

121 mm W x 38mm H x 83mm D (4.75" x 1.5" x 3.25")

International capabilities

- CardScan software is localized in 7 languages: English, French, German, Spanish, Italian, Dutch and Brazilian Portuguese.
- CardScan interprets contact information conventions for the following countries (in the 7 languages above): Australia, Argentina, Brazil, Belgium, Canada, Chile, Germany, France, Italy, Mexico, Spain, Sweden, The Netherlands and the United States.

Highly mobile

- Ideal for today's mobile lifestyle, the new palm-sized scanner featured in CardScan Personal has a closing scanner door, detachable USB cord and handy travel pouch.
- Scans in monochrome in 4-5 seconds.* USB powered – no power cord necessary. USB 1.1 certified. Weighs 7.6 ounces. Take it with you on the road.

*Results of internal testing on HP desktop, model dx2000.
